

Potter's Tools

Relieve the strain on your back!

ADJUSTABLE LEGS/CUSHION SEAT

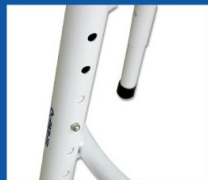

Shimpo stools give you the comfort of a cushioned seat that you will appreciate after only a short time "in the saddle".

The adjustable leg version allows an assortment of heights to accommodate everyone, and can be tilted to relieve the strain on your lower back. The tilt feature also puts you over your work. The stool is done attractively with a white frame and blue seat. The adjustable leg model not only serves the potter but will also comfortably fill the needs of the painter and sculptor.

ADJUSTABLE LEGS
HEIGHTS: 49cm to 66cm
