decorative ceramic clay tools  
made from bioplastic

# *rélyéf*

- » Rélyéf stamps do not leave lines on the edges. Make your impressions as deep as you like without leaving any tell tale borders or messy lines.
- » All our stamps and discs have a graduated angle, the design widens on the top surface, this makes for easier cutting into the clay and an easier release than most other stamps, resulting in a clearer, cleaner impression in the clay.
- » Eco friendly products made with minimal burden to the environment.

## Rélyéf set of Roman numerals stamps 10 mm
