

SHIMPO

ADJUSTABLE STOOL

The adjustable leg stool allows an assortment of heights to accommodate everyone, and can be tilted to relieve strain on your lower back. The tilt feature also puts you over your work to help you while centering on the wheel. The stool is finished attractively with a white frame and blue seat. The adjustable leg stool not only serves the potter but will also comfortably fill the needs of the painter and sculptor.

ADJUSTABLE LEGS

Adjustable legs offer a choice of heights: 19" to 26" (in 1" increments)

CUSHION SEAT

Appreciate the comfort of the cushioned seat in a very short time!
